

Production Fabricator – Burlington, ON

Start Date: immediately

Select Stone Supply is a respected supplier of natural stone products to landscape and building professionals. Our customers count on us for excellent service and quality products, when and where they need them.

As Production Fabricator, you are part of a small team of friendly and hardworking people striving for 100% customer satisfaction while maintaining a fun and safe work environment. You will use your attention to detail, math and problem solving skills, and safe work habits to produce high quality, error-free natural stone products for stock and custom orders. As our ideal candidate, you enjoy working with your hands and are not afraid of physical labour. You are mechanically inclined, methodical and prefer to complete one task at a time.

The major duties of this position involve producing high quality, detailed work on a consistent basis, based on established standards and procedures.

Primary Responsibilities include but are not limited to:

- Safely operating a variety of equipment (e.g. torches, saws, guillotine splitter, polisher) and hand tools to shape, add edge profiles and apply surface textures to natural stone products
- Meeting production targets on time and error-free
- Packaging completed orders for yard stock and/or shipping
- Performing daily and weekly maintenance and housekeeping tasks to facilities and equipment
- Maintaining a safe and tidy work area

Skills, Qualifications and Physical Requirements:

- Positive attitude and ability to work respectfully with coworkers
- Steady, methodical nature with a high tolerance for repetitive job routines
- Strong ability to use numbers, basic mathematical functions (addition, subtraction, multiplication, division) and formulas to accurately measure and calculate areas, quantities and weights
- Physical ability to lift 60-80 lbs
- Available to work from 6:45 am to 5:00 pm
- Previous experience in a similar role and knowledge of natural stone are assets but not requirements

Work Conditions:

- Steady, even pace with repetitive routines
- Some physical labour required
- Step-by-step training provided
